**MINUTE ENTRY RE:
TIMING OF SUBMISSION OF SUPPORT PAYMENTS**

The Court has received a motion filed by Doris Williams on November 25, 2009. She states therein that the employer of Henry Williams has periodically delayed the forwarding to the support clearinghouse of withheld support payments from the earnings of Mr. Williams. This Court is unable to determine the accuracy of her allegations and could not do so without first conducting a hearing that would include his employer.

Rather than proceeding in that fashion, the Court shall provide notice of the applicable law. A.R.S. Section 25-504(H) provides that an employer SHALL "transmit the withheld monies to the support payment clearinghouse **within two business days** after the obligor is paid or after the payment to the obligor is due" (emphasis added). If the employer is delaying payment beyond that which is allowed by statute, such may be in violation of state law. It is the hope of this Court that by providing this notice, the issue (if one exists at all) shall be remedied.
